The Complete Future - Swanny's Models

Futures trading is especially common with commodities. For example, if someone buys a July crude oil futures contract (CL), they are saying they will buy 1,000 barrels of oil from the agreed price upon the July expiration, regardless of the market price at that time. The seller is likewise agreeing to sell those 1,000 barrels of oil at the agreed-upon price.

Jack Schwager - A Complete Guide To The Futures Market Updated

A futures contract is an agreement between two parties: a buyer and a seller. The contract lays out that, at a set deadline in the future, the buyer will purchase some type of asset at an agreed-upon price and the seller agrees to sell. Let's say an airline is worried about the price of oil going up.
