Android Studio 3.6.3 is now available in the Stable channel. If you already have an Android Studio build on the Stable channel, you can get the update by clicking Help > Check for Update (Android Studio > Check for Updates on macOS). Otherwise, you can download here. This minor release fixes a caching issue for modules with DataBinding and bundles the Kotlin 1.3.71 plugin.

Android Studio Release Updates: Android Studio 3.6.3 available

The Android operating system is constantly updated, and each update brings a different experience to the user. On September 3, 2019, Google officially released its latest Android version and named it Android 10. Unlike the previous Android versions, it broke the release history named after
