An Oxygen Concentrator is like a fancy air purifier. Air is made up of approximately 22% oxygen. The Companion 590 Oxygen Concentrator extracts oxygen from the room air particles and delivers...

Used COMPANION 590 Oxygen Concentrator For Sale - DOTmed ...

The Companion 590 Oxygen Concentrator extracts oxygen from the room air particles and delivers medical grade oxygen directly to the patient. The room air is drawn into the Companion 590 Oxygen Concentrator through an inlet filter. The Companion 590 Oxygen Concentrator then compresses the air, runs it into sieve beds, which takes the nitrogen from the oxygen.

Service Manual For Companion 590 Oxygen Concentrator

CAIRE's 5 LPM compact stationary oxygen concentrator is one of the most technologically advanced concentrator available on the market. The quiet operation, simple user interface, and reduced power draw are perfect for patients and care facilities, while the durability, reliability, and ease of maintenance is the perfect combination for equipment providers.

CAIRE® Companion 5™ - CAIRE Inc. - Oxygen Concentrators

It sits at 21.5 inches tall, 12.5 inches wide and 13.5 inches deep. It's thinner than most stationary oxygen concentrators, so it will be easy to position it by your bed or next to a chair without taking up much room. The wheels on the bottom are smooth and easily rolled, even across a carpeted floor.
