### EchoPAC | GE Healthcare Support Services

Using the "raw data" from the point of data capture on the Vivid ultrasound system, EchoPAC helps you achieve efficient workflow and productivity. Our innovative software allows you to shift more of your analyses and workload from your ultrasound system to your workstation — providing workflow and productivity benefits.

### EchoPAC Clinical Workstation Software | GE Healthcare

GE EchoPAC software allows users to view the raw data captured from their GE Ultrasound at their networked computer. This places more workload on computers, rather than on the ultrasound system, thus liberating the system for more examinations as well as more efficient workflow, increased throughput of patients, and maximized productivity.
