Homo Economicus The Lost Prophet

In Homo Economicus, the economist Daniel Cohen shows how our ultra-competitive societies have disrupted social relations and undermined all the indicators of wellbeing. He starts from a sombre fact: never before has so much wealth been created, never have people had access to so many goods, and yet they are not happier - if anything they are less happy.

Homo economicus : the (lost) prophet of modern times (Book ...

He is also the main character for Daniel Cohen - Professor at the Paris School of Economics - in his new book, Homo Economicus: The (Lost)Prophet of Modern Times. Cohen's central argument in Homo Economicus is largely straightforward. Recent and emerging findings in scientific research show that this model of humans - as rational, self-interested, and gratified by ever increasing material standards of living - is flawed.

Book Review: Homo Economicus: The (Lost) Prophet of Modern ...

While human creativity is higher than ever, homo economicus imposes himself like a sad prophet, a killjoy of the new age. Drawing on a rich array of examples, Cohen explores the new digital and genetic revolutions and examines the limitations of homo economicus in our rapidly transforming world.

Homo Economicus: The (Lost) Prophet of Modern Times ...

Consequently, an interpretive reliance on homo economicus creates a "phenomenological gridlock." Alternative sources of information and alternative interpretive schemes can bypass this entrapment of the economic interaction, but this article further explains why the norms and cultural horizons of market society limit the accessibility of ...
