Mahler A Musical Physiognomy

What we have the feeling of , what for we are overwhelmed as listening to Mahler's music , Adorno succeeded in explaining why in this musical physiognomy . Of course , Adorno is a philosopher , then this book cannot be read as Henry-Louis De la Grange (fascinating) biography . Adorno did achieve to characterise specificity of Mahler's music .

Amazon.com: Mahler: A Musical Physiognomy (9780226007694 ...

Mahler, according to Adorno, met the objective demands of the form of orchestral music in such a way that his material revealed the negative truths of the general course of history. This is not music about the existential meaning of life, the jargon of authenticity as Adorno might say, but about the paradoxes of social life that at once confer happiness and isolation on the outcasts of society.

Mahler: A Musical Physiognomy by Theodor W. Adorno

Since its appearance in 1960 in German, Mahler has established itself as a classic of musical interpretation. Now available in English, the work is presented here in a translation that captures the stylistic brilliance of the original.
