It follows that the three lines of Ayurvedic treatment to restore mental health are: 1) Physical - Samdosha Chikitsa (Balancing the Doshas) Incorporates various treatments for balancing mental and physical doshas; can be samshamana or samshodhana. See any good introductory text for this information (diet, exercise, herbal medicines, lifestyle, etc.)

Ayurveda

According to Ayurveda, although the mind (manas) is responsible for sensory perception, it has specific functions of its own. They are thinking (chintya), analysis (vicharya), speculation (uhya), distinct thought (dhyeya) and decision (sankalpa). The Upanishads provide descriptions of theories of perception, thought, consciousness, and memory.
