Maritime law governs private maritime questions, disputes, or offenses and other nautical matters. In most developed countries, the maritime law follows a separate code and is an independent ...

**Maritime Law Definition**  
In English-speaking countries, "admiralty" is sometimes used synonymously, but in a strict sense the term refers to the jurisdiction and procedural law of courts whose origins may be traced to the office of *Admiral*. Although etymologically maritime law and " law of the sea " are identical, the former term is generally applied to private shipping law, whereas the latter, usually prefixed by "international," has come to signify the maritime segment of public international law.

Admiralty law or maritime law is a body of law that governs nautical issues and private maritime disputes. Admiralty law consists of both domestic law on maritime activities, and private international law governing the relationships between private parties operating or using ocean-going ships. While each legal jurisdiction usually has its own legislation governing maritime matters, the international nature of the topic and the need for uniformity has, since 1900, led to considerable internationa
