The First World War was waged through the participation not just of soldiers but of men, women, and children on the home front. Mass-produced, full-color, large-format war posters were both a sign and an instrument of this historic shift in warfare. War posters celebrated, in both their form and content, the modernity of the conflict.

The photos of World War I also document the realities of trench conditions. The ditches were deeply unsanitary. Rats were always on the prowl, eating away at provisions and sleeping soldiers alike. Together with the lice, they spread diseases like trench fever, a painful illness that struck suddenly and could cripple a soldier for a month or ...
