the market and the state in modern economies. Latin America, in particular, revisits this debate every time it suffers an external shock. While some blame unregulated markets, others fault states' inability to design institutions or implement policies capable of neutralizing the negative impact

Market Versus State - carnegieendowment.org

The 2008 bank bailouts appeared to buck this trend, as states were called upon to undertake drastic interventions. But this turned out to be a hiccup in neoliberalism's larger narrative arc, as austerity quickly took hold. Yet perhaps this latest accumulation of crises will at last force states to reclaim the territory they had ceded to the ...
